L'azienda.

Moia Spa produce ombrelli e ombrelloni da oltre sessant'anni con un'attenzione costante alla qualità ed alla cura dei particolari. Le risorse produttive sono state continuamente aggiornate con l'obiettivo di fornire alla clientela una risposta puntuale ad esigenze in continua evoluzione. Le scelte sono sempre coerenti con le tendenze del gusto e con il mutare degli stili di vita: il catalogo Blue Drop offre una vasta gamma che va dall'ombrello classico alle soluzioni più tecnologiche e alla moda. L'azienda, grazie agli sviluppi che hanno portato gli stabilimenti ad occupare una superficie di circa 30.000 mq, è in condizione di proporre una grande varietà di soluzioni, sia dal punto di vista produttivo che da quello distributivo. La disponibilità costante degli ombrelli a magazzino, unita all'attenzione per il customer service permette alla Moia Spa di soddisfare ogni esigenza del cliente. I prodotti a marchio Blue Drop sono distribuiti tramite agenti e GDO su tutto il territorio europeo.

Moia Spa has been manufacturing umbrellas and beach umbrellas for more than 60 years, with a constant attention to quality and care of details. Productive resources were constantly updated in order to provide efficient and rapid reply to clients. The choices have always been consistent with the fashion trends and with the changings of life styles: today the Blue Drop's catalogue offers a wide range of umbrellas, from the most classic ones to the most technological and fashion. The company, that today occupies a surface area of about 30.000 sqm, may offer various productive and distributive solutions, according to the different requirements. The constant availability on stock of umbrellas and the particular attention to customer service enable Moia Spa to satisfy each requirements of the customer. Products marked Blue Drop are distributed through agents and large-scale retail trade in Italy and all over Europe.

moiaspa.com

Le nostre tecnologie al tuo servizio.

1

AUTOMATICO

Pratici ombrelli dotati di apertura automatica.

2

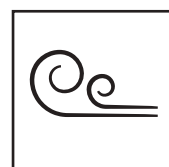

EXTRALIGHT

SUPER LEGGERO

L'utilizzo dell'alluminio rende questi ombrelli più leggeri e maneggevoli.

3

ANTIVENTO

ANTIVENTO

La tecnologia windproof rende questi ombrelli adatti anche alle giornate più ventose. L'impiego di questo fusto evita le tipiche rotture delle bacchette.

4

OPENCLOSE

APRI E CHIUDI

Il massimo della comodità è garantito da questa tecnologia che consente di aprire e richiudere agevolmente l'ombrello con il semplice tocco di un dito sul pulsante.

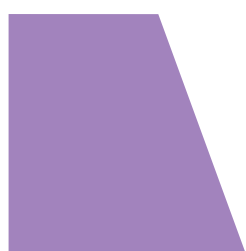

5

FIBERGLASS

FIBERGLASS

L'utilizzo della fibra di vetro rende le bacchette più flessibili e quindi maggiormente resistenti alle sollecitazioni.
